

## Blitzen Bingo Rules

Welcome to **Blitzen Bingo: A Family Fundraiser!** Get ready for a festive, fun-filled game of **Christmas-themed Music Bingo**. Here's how to play:

---

### How to Play:

1. **Christmas Songs Instead of Numbers:**

Instead of calling out letters and numbers like in traditional bingo; we will play **10-15 second snippets** of popular Christmas songs. From timeless classics to holiday hits, these festive tunes will get you in the holiday spirit!

2. **Mark Your Bingo Card:**

If you recognize the Christmas song and **see it listed on your bingo card**, mark the corresponding square with a bingo chip. Each card will have different songs, so pay attention to each holiday tune!

3. **Winning Patterns:**

To win, you need to complete **5 songs in a row**—either horizontally, vertically, or diagonally. Special winning patterns, such as four corners or a diamond, may also be announced as options at the start of each round. Keep an ear out for any special rules!

4. **Be the First to Call In:**

Once you complete a winning pattern, be ready to act fast! **The first person to call in and shout “Bingo!” is the winner** for that round. Make sure to dial quickly to claim your prize!

---

### Additional Guidelines:

- Only **one winner per round** will be accepted, so make sure you call in first!
  - All winners will have their bingo cards checked for accuracy before a prize is awarded.
- 

### Pro Tips:

- Keep your phone nearby so you're ready to call in when you hit bingo!
  - Don't know the song? Google is your friend!
  - Stay alert and have fun—it's a game filled with holiday spirit, Christmas cheer, and community joy!
- 

Good luck, everyone! Let's enjoy the Christmas tunes and holiday magic at **Blitzen Bingo!**
